

Everything we do revolves around serving this industry.

Service is at the center of all our efforts.

In our universe, **superior service** means knowledgeable sales/support professionals who assist you in ordering and shipping the products you need. It means a dedicated technical support hotline. It means education and certification training. It means innovations like custom engineered products, connectorized cable assemblies and Draka Pak installation kits.

Customer satisfaction is our focus - every day.

Superior service. An essential part of . . .

All the products. All the service. All the world.
